During the week, the leadership of the Ministry of Foreign Affairs of Turkmenistan had a number of constructive meetings with concrete results. Among them, fruitful contacts with the countries of the Arabian Peninsula.

On the first day of February, the Inter-MFA consultations were held in the format of a videoconference between Turkmenistan and the Sultanate of Oman. The Turkmen delegation was headed by the Minister of Foreign Affairs of Turkmenistan Rashid Meredov, while the Omani side was led by the Foreign Minister of the Sultanate of Oman Sayyid Badr bin Hamad bin Hamood Albusaidi.

During the talks, a wide range of issues pertaining to Turkmen-Omani relations in political-diplomatic, trade-economic and cultural-humanitarian spheres were discussed. The importance of contacts on the highest level for the advancement of ties between the two countries was underlined. It was stated that the two countries are linked by strong friendship and mutual understanding, as well as by common spiritual and cultural values.

The Ministers emphasized the efficiency of cooperation between the external policy agencies of the two countries. Stressing the significance of continuing dialog and partnership on the platform of regional and international structures, the parties stated the closeness of standpoints in the process of maintaining peace, stability and stable economic growth. The effective collaboration of two

developing educational and cultural contacts taking into consideration the current circumstances. The opportunities for widening cooperation and exchange of experience in the area of healthcare and medicine were regarded.

The Ministers expressed commitment to further strengthening of Turkmen-Omani relations on a wide range.

In the same period, a working visit of the representative Turkmen delegation headed by the Deputy Minister of Foreign Affairs of Turkmenistan B.Matiyev to the United Arab Emirates had started.

During the visit, the Turkmen delegation had a number of constructive meetings with the leadership of the Government of the UAE, as well as the International Renewable Energy Agency (IRENA).

countries on the platforms of the UN, OIC and other reputable organizations serves as a proof of this.

Special emphasis was made on cooperation in the area of transport. The diplomats noted that both countries have a unique geographic location and stand as vital links in the formation of international transport and transit routes on the North-South and the East-West directions. One of the vivid examples of the partnership in this regard is the Agreement on the establishment of International transport-transit corridor Uzbekistan-Turkmenistan-Iran-Oman. The parties spoke about the expediency of this partnership for strengthening cooperation between the countries and for regional economic integration.

The diplomats also stressed the importance of the development of legal basis of bilateral cooperation. The status of current drafts of documents was considered. The commitment of two countries to the establishment of joint Intergovernmental Commission on economic cooperation was expressed that could help to advance the trade relations, including such areas as oil and gas, chemical and textile industries, agriculture, etc.

The parties noted the necessity of

Thus, on the 2nd of February, the meetings of the Deputy Minister of Foreign Affairs of Turkmenistan with the Deputy Prime Minister and Minister of Presidential Affairs of the United Arab Emirates Sheikh Mansour bin Zayed Al Nahyan, with the Minister of Foreign Affairs and International Cooperation of the UAE Sheikh Abdullah bin Zayed Al Nahyan, as well as with the Director General of Abu Dhabi Fund for Development Mohammed Saif Al Suwaidi were held.

During the talks, a wide range of issues of mutual interest on further strengthening of cooperation between Turkmenistan and the UAE were discussed.

Upon the outcomes of the talks, the following bilateral documents were signed: the Memorandum of Understanding on Cooperation between the Government of Turkmenistan and Abu Dhabi Fund for Development (regarding the financing of projects in Turkmenistan), the Memorandum of Understanding on Cooperation between the Government of Turkmenistan and Abu Dhabi Fund for Development (regarding the establishment of investment companies in Turkmenistan) and the Memorandum of Understanding Re-

garding Financing of Potential Projects in Turkmenistan between Abu Dhabi Fund for Development and the State Bank for Foreign Economic Activities of Turkmenistan Acting on behalf of the Government of Turkmenistan

Then, on the 3rd of February the meeting of the Turkmen delegation with the Director-General of the International Renewable Energy Agency (IRENA) Francesco La Camera was held.

The parties discussed the prospects of cooperation between Turkmenistan and the IRENA with the aim of expanding collaboration in the field of rational use of renewable energy sources, provision of energy security.

Also, on the 4th of February, the Turkmen delegation had a meeting with the Executive Director of the Expo 2020, Najeeb Mohammed Al-Ali, during which the organizational matters were discussed which are related to the participation of Turkmenistan's representatives to this large-scale event which is planned for October of current year.

The working visit to the United Arab Emirates has undoubtedly contributed to further strengthening of bilateral relations between the two countries.

Then, on the 6th of February 2021, a meeting took place in the MFA of Turkmenistan between the leadership of Turkmen external policy agency and the delegation of Political Office of Taliban movement headed by Mullah Abdul Ghani Baradar.

During constructive negotiations, the parties have underlined the importance of establishing and maintaining peace and stability in Afghanistan. In this regard, it has been noted that Turkmenistan has provided significant support for Afghan people, contributed to the development of Afghan economy, primarily in such strategically important fields as energy, transport, connectivity and communications.

The significant projects in the aforementioned fields are "Turkmenistan-Afghanistan-Pakistan-India" gas pipeline, high voltage electric power transmission line and fiber-optic connection along "Turkmenistan-Afghanistan-Pakistan" route, as well as railways connecting Turkmenistan and Afghanistan.

The delegation of Political Office of Taliban movement expressed full support to the implementation of above-mentioned infrastructure projects aimed at ensuring well-being and prosperity for Afghan people.

After the negotiations, the representatives of Afghan delegation made a statement to the press and answered questions of journalists.

THE MINISTER OF FOREIGN AFFAIRS OF TURKMENISTAN HELD CONSTRUCTIVE MEETINGS WITH THE REPRESENTATIVES OF INTERNATIONAL ORGANIZATIONS

On February 2, the Minister of Foreign Affairs of Turkmenistan Rashid Meredov met with the heads and representatives of the UN and its agencies in the country and in the region. The session was held in the hybrid format that is some participants were present in the conference room, while other participants took part in the meeting through videoconferencing.

Around 30 country and regional heads and representatives of the UN, including the Office of Resident Coordinator, UNDP, UNICEF, WHO, UN High Commissioner for Human Rights, UNFPA, UN High Commissioner for Refugees (UNHCR), UN Office on Drugs and Crime (UNODC), UN Food and Agriculture Organization (FAO), UN Economic and Social Commission for Asia and the Pacific (ESCAP), International Organization for Migration (IOM), International Labour Organization (ILO) and others took part in the session. The representatives of the Regional Centre for Preventive Diplomacy for Central Asia also participated to the session.

It was a unique meeting as the participants representing various organizations could reflect on the work done in 2020 and exchange views on the tasks to be achieved in 2021. The long-term missions were also discussed.

At the meeting, the Minister of Foreign Affairs of Turkmenistan thanked the representatives of the international organizations for constructive cooperation and personal input into the expansion of partnership with Turkmenistan. He emphasized that cooperation between Turkmenistan and the United Nations is a strategic vector of the external policy of the country. "Today our collaboration encompasses practically all the main spheres - from provision of security to the issues of gender equality, from ecology matters to the protection of refugees' rights" said the Minister.

During the session, a constructive exchange of views took place regarding the effective implementation of plans and projects determined for current year. The participants highlighted the importance of the joint documents signed between Turkmenistan and international organizations in December of last year. These are 44 documents with the total sum exceeding 82 million US dollars, in which case the co-financing on the part of Turkmenistan constitutes the largest proportion. Among the main courses of collaboration are education, healthcare and social services, food security and ecology.

Also, the issues pertaining to the implementation of the Sustainable Development Cooperation Framework between the Government of Turkmenistan and the United Nations for 2021-2025 were discussed.

The participants of the meeting heard the speeches of the representatives of above mentioned agencies that reflected the results of joint work, as well as the current and prospective plans and projects. The representatives of the international organizations, including the UN Country team highly appraised the activities of Turkmenistan on implementing the joint agreements.

During the meeting, the importance of the International Year of Peace and Trust that was recently launched by a special event in Ashgabat was also highlighted. In this regard, the events embedded in the Roadmap of holding the year should undoubtedly contribute to the attainment of the Sustainable Development Goals within the Agenda 2030.

A few days later that is on February 4, in his capacity as the Deputy Chair-

man of the Cabinet of Ministers, Minister of Foreign Affairs of Turkmenistan, Rashid Meredov met via videoconferencing with the Executive Secretary of the United Nations Economic and Social Commission for Asia and the Pacific (ESCAP), Under-Secretary-General Armida Salsiah Alisjahbana.

During the meeting, the parties highly appraised the current level of cooperation of Turkmenistan with ESCAP which is enriched with new content, particularly in such key vectors as energy, statistics, trade and transport, migration management, natural disasters' risk reduction and others. It was stated that Turkmenistan welcomes the work of ESCAP, including that on consulting and personnel training, generalization of regional experience and information. ESCAP is one of the partners on implementing the "Sustainable Development Cooperation Framework between the Government of Turkmenistan and the United Nations for 2021-2025" signed in March of last year.

The commitment of Turkmenistan to the implementation of the Sustainable Development Agenda till 2030 was reiterated during the meeting, which is reflected in the national programs and cooperation with regional and international partners. Thereupon, a number of initiatives of the Turkmen side on the expansion of the partnership with ESCAP were voiced, in particular on the resolution of social, economic and ecological issues in the countries of Central Asia and neighboring regions.

During the dialog, special emphasis was made on the situation in the world resulting from the pandemic. It was stated that Turkmenistan is ready to cooperate to overcome the economic, social and financial impacts of the epidemic. The country calls on to strengthen multilateral partnership in the given matter. One of the vivid and concrete examples of this is the High-level International Conference entitled "Financing the Implementation of the Sustainable Development Goals: the Role of Integrated National Financing Mechanisms" that was held online in May of last year upon the initiative of Turkmenistan.

The joint actions taking into consideration the Global Compact for Safe, Orderly and Legal Migration (GCM) were discussed at the meeting. The concrete activities of Turkmenistan on migration implemented on the national level were shared.

The parties especially focused on the Central Asian region. It was stated that Turkmenistan plays a significant role from the perspective of deepening economic integration and strengthening humanitarian cooperation in the region. The Government pays special attention to the issues of ecology and rational use of water resources. The Aral Sea problems were also discussed. As known, Turkmenistan plays an important role in the advancement of regional and international cooperation to resolve the Aral problems.

During the meeting, the key aspects of collaboration in the framework of the

UN Special Program for the Economies of Central Asia (SPECA), as well as opportunities of expanding cooperation in the area of statistics and trade, particularly by acquiring experience in the field of paperless cross-border trade on the ESCAP platform were discussed.

It was stated that Turkmenistan is ready to cooperate further with the UN and its regional Commissions for the sustainable development.

Speaking about sustainable development, it is pertinent to note that the Government of Turkmenistan spends a lot of effort to contribute to the well-being of people in the country, in the region and in the world. Economic development goes hand in hand with this process.

Among the important tools needed for economic development is transport. In this regard, Turkmenistan actively cooperates with international partners, primarily the International Road Transport Union (IRU). The Minister of Foreign Affairs of Turkmenistan Rashid Meredov met via videoconferencing with the Secretary General of IRU Umberto de Pretto on the 3rd of February to discuss the key aspects of cooperation and determine prospective areas of collaboration.

Thus, the parties discussed a wide range of issues of collaboration aimed at the enhancement of connectivity between the countries through the development of transport-transit corridors, sophisticated logistics and digitalization. The success of the First Global Conference on Sustainable Transport held in Ashgabat in 2016 was noted.

Umberto de Pretto highly appraised the commitment of the Government of Turkmenistan to improve the infrastructure in the country and in the region, which is not limited only to the road transport. It was stated that IRU welcomes the work of Turkmenistan not only on constructing the powerful and modern infrastructure, but also on the establishment of conditions for the promotion of its efficient use by joining the international conventions and treaties.

In this regard, the parties highly appraised the collaboration between Turkmenistan and IRU on the United Nations platform that is reflected on the advancement of relevant documents in 2014, 2015 and 2017 on the development of transport and transit routes. Taking into consideration the global pandemic, the parties discussed the possibilities of joint work on the advancement of Turkmenistan's initiative on the provision of stable international transport in emergency situations.

The Secretary General of IRU expressed adherence to collaboration with Turkmenistan in the process of practical use of the Lapis-Lazuli route, as well as other transport and transit corridors on the North-South and East-West directions. The parties also spoke about the issues related to the preparation to the Ministerial Conference on Transport for Landlocked Developing Countries planned to be held in Turkmenistan in 2021.

Индия заинтересована в ускорении реализации проекта ТАПИ

Об этом заявил Чрезвычайный и Полномочный посол Индии в Туркменистане Видху Питхамбаран Наир в ходе встречи с Министром промышленности и строительного производства Туркменистана Сердаром Бердымухамедовым.

Посол Индии высоко оценил инициативы Туркменистана по созданию международных транспортно-транзитных коридоров и обеспечению глобальной энергетической безопасности.

Стороны также обсудили вопросы расширения сотрудничества между Туркменистаном и Индией в различных отраслях промышленности и строительного инжиниринга.

В ходе встречи была отмечена результативность туркмено-индийских связей в политической, торгово-экономической и культурно-гуманитарной областях. Особый акцент сделан на совместные проекты в области энергетики, транспорта, здравоохранения.

Трубопровод Туркменистан-Афганистан-Пакистан-Индия (ТАПИ) разрабатывается компанией Galkynysh - TAPI Pipeline Company Limited с участием Азиатского банка развития.

Российская компания построит два сухогруза для Туркменистана

«Южный центр судостроения и судоремонта» Астраханской области России получил заказ на строительство серии сухогрузов для Туркменистана. «Южный центр судостроения и судоремонта» (ЮЦСС) – входит в «Объединенную судостроительную корпорацию» (ОСК).

Кроме этого, ведутся переговоры по заказам на строительство судов специального назначения, а также автопаромов. Возможность строительства на астраханских верфях серии судов для Туркменистана обсуждалась в ходе встречи посла Туркменистана в России Батыра Ниязлиева с губернатором Астраханской области Игорем Бабушкиным в октябре 2020 года.

Туркменистан готов приступить к практическим шагам по созданию логистического центра в Астраханской области Российской Федерации. Логистический центр может стать не только оптово-перевалочной базой для туркменских товаров, но и местом для размещения производства собственной продукции.

Отметим, что ранее представители Туркменистана и Астраханской области рассмотрели возможности расширения сотрудничества в областях торговли и биржевой деятельности, в частности был выражен интерес к поставкам продукции, производимой в Туркменистане. Помимо этого, была обсуждена возможность организации поставок в Астраханскую область текстильных товаров, пряжи и хлопчатобумажных изделий туркменского производства.

Соглашения между Туркменистаном и Фондом развития Абу-Даби

В столице Объединенных Арабских Эмиратов в ходе туркмено-арабских переговоров были подписаны три крупных соглашения на общую сумму \$393 млн. между Туркменистаном и Фондом развития Абу-Даби (ADFD).

Туркменистана, Министерства энергетики и водных ресурсов Таджикистана и Исполнительного комитета Международного фонда спасения Арала, а также представителей посольств Туркменистана и Таджикистана.

Стороны обменялись мнениями по практической реализации выдвинутых предложений, нацеленных на улучшение экологического состояния зоны Аральского бассейна, развитие водного хозяйства, экономики и социальной сферы в данном регионе.

Отметим, что в Туркменистане ведется активная работа в области охраны природы, сохранения биологического разнообразия и природных ландшафтов. Особое внимание уделяется проблемам Аральского моря.

Меморандум о сотрудничестве транспортных компаний Туркменистана и Казахстана

Меморандум о сотрудничестве, подписанный между Ассоциацией «Туркмен логистика» (TLA) Туркменистана и Союзом транспортников Казахстана «KAZLOGISTICS», позволит установить эффективное, взаимовыгодное, стратегическое сотрудничество между сторонами по большому числу вопросов, представляющих взаимный интерес.

Подписанный Меморандум позволит не только укрепить сотрудничество между двумя компаниями, но и значительно расширит его.

В Меморандуме запланированы работы по взаимодействию по созданию, разработке и реализации совместных проектов, в том числе с участием технического содействия международных организаций и финансовых институтов.

Документ также предполагает участие в региональных и международных мероприятиях, организуемых и проводимых сторонами.

В Туркменистане ускорено строительство линии электропередачи «Ахал-Балкан»

Линия электропередачи прокладывается в рамках первого этапа реализации перспективного проекта кольцевой энергосистемы, которая соединит Ахалский, Балканский и Дашогузский велаяты Туркменистана.

Протяженность маршрута линии электропередачи составляет свыше 420 километров. Заказчиком строительства является государственная электроэнергетическая корпорация «Туркменэнерго». Для реализации данного проекта концерн получил льготный кредит от Азиатского банка развития.

Завершить прокладку линии электропередачи планируется в августе текущего года.

Будущая кольцевая энергосистема свяжет электросети Ахалского, Балканского и Дашогузского велаятов. Второй этап этого проекта включает прокладку ЛЭП Балкан-Дашогуз. Энергетическое кольцо позволит обеспечить взаимное резервирование между энергетическими системами велаятов и Ашхабада.

Параллельно с соответствующим строительством начато сооружение электрической подстанции «Сердар-220».

В СНГ планируется создать Международный центр оценки рисков отмывания денег и финансирования терроризма

Центр будет представлять собой инфраструктуру, обеспечивающую обмен данными и электронными документами между субъектами электронного взаимодействия в рамках Совета руководителей подразделений финансовой разведки государств - участников СНГ.

Правовой статус центра решено закрепить межгосударственным соглашением, проект которого планируется внести на обсуждение в 2021 году.

Антониу Гутерриш удостоен премии «Человеческое братство»

Генеральный секретарь ООН Антониу Гутерриш был удостоен премии Заида 2021 года «Человеческое братство». Он разделит эту награду с французской Латиной Ибн Зиатен – главой ассоциации, созданной для борьбы за мир и против экстремизма.

Награда была вручена этим двум лидерам после исторического подписания в Абу-Даби Декларации о человеческом братстве, которая призывает всех людей отложить в сторону различия и стремиться к прогрессу через взаимопонимание и примирение.

Лауреаты премии Заида 2021 года «Человеческое братство» получают один миллион долларов, которые они разделят между собой поровну.

«Я решил пожертвовать денежный приз – 500 тысяч долларов – Управлению Верховного комиссара ООН по делам беженцев, чтобы поддержать его незаменимые усилия по защите наиболее уязвимых членов человеческой семьи – вынужденно перемещенных лиц», - объявил Антониу Гутерриш.
